**Review on the Administration  
of Local Funds for the year  
1349 F.**

## REVIEW ON THE ADMINISTRATION OF THE LOCAL FUND DEPARTMENT FOR THE YEAR 1349 FASLI.

1. During the year under review Mr. W. V. Grigson, I.C.S., Special Officer from 9-3-1939 to end of March 1940 completed the work of drafting the new Local Self-Government Qanunchas contemplated in the Council's Arzdasht of 27th Jamadi-ul-Awal 1358 H., and the Firman-e-Mubarak of 29th Jamadi-ul-Awal 1358 H., which are now under the technical scrutiny of the Legal Adviser. The Local Fund Department owes a debt of gratitude to Mr. W. V. Grigson for the valuable work he has rendered in the interests of Local Self-Government in this State.

### PART I.

#### *Municipalities and Town Administration.*

2. Local taxes under the Local Cess Act of 1309 F. are levied in 66 towns having a total population of 780,243, including 8 towns where municipal committees with a non-official majority have been set up.

*Statement A.*—Receipts of municipal and other towns.  
(N.B.—The figures of 1348 F. are given in brackets).

3. The total receipts were:—

	Rs.	Rs.
1. Income from local taxes .	10,55,473	10,25,842)
2. Income from other local sources	5,79,193	( 4,18,723)
3. Grants from G.L.F. . .	1,59,550	( 1,56,750)
4. Grants from Diwani . .	1,79,429	( 2,09,208)
Total .	<u>19,73,645</u>	<u>(18,10,523)</u>

4. As explained in previous reviews grants to towns from general local funds were fixed for 5 years after due consideration of the financial condition of the towns and of the district funds. The period is due to expire with the year under review when the whole question will again come under examination.

5. *Government grants.*—An annual Diwani grant of Rs. 1 lakh is given to towns of which a sum of Rs. 50,000 is allotted for the pay and allowances of Sanitary Inspectors and the balance of Rs. 50,000 is distributed annually between the smaller district headquarter towns which cannot out of their own resources provide amenities of the standard required for a district headquarters. In addition to this during the current

triennium a non-recurring grant of 5 lakhs has been sanctioned from the general revenues for the general improvement of the towns and in particular the removal of slums and congested areas. The total non-recurring grant available in 1349 F. was Rs. 1,66,600 which has been allotted to selected towns. A few of the towns have not yet drawn the amounts allotted.

6. As sanctioned by the Finance Department the period sanctioned for utilising this grant is 18 months from the date of sanction. The local authorities should endeavour to spend the allotted amounts on sanctioned public utility works within the prescribed period so that the sanctioned amounts may not lapse.

7. The actual amount of Diwani grant in 1349 F. amounted to Rs. 1,79,429 of which Rs. 95,000 are recurring and the remaining sum of Rs. 84,429 is non-recurring.

8. Government bears from half to three-quarters of the capital cost of construction of water and drainage works in District towns, according to whether water is supplied by gravitation or by pumps. For these works an annual Diwani grant of 5 lakhs is given. The remaining cost is ultimately met by the towns themselves, but Government provides as a loan from Diwani to be paid in 28 annual equal instalments at 4 per cent. interest the amount of the towns share. The sanctioned works are executed under the control of the Special Engineer working under the directions of the Water Board. During 1349 F., the expenditure on District Water Works and Drainage amounted to Rs. 7,64,696. The water and drainage works of Warangal City (population over 90,000) estimated to cost Rs. 16,90,000 were completed during the year, while those of Gulbarga and Nizamabad towns estimated to cost Rs. 6,01,000 and Rs. 7,70,500 are in progress. A special survey party surveyed and prepared estimates of water and drainage works of:—

S. No.	Estimated Cost.			
	Rs.			
1. Bidar drainage .. ..	..	..	..	2,75,000
2. Waddapalli drainage .. ..	..	..	..	12,000
3. Nizamabad drainage (Revised) .. ..	..	..	..	2,43,500
4. Patan drainage .. ..	..	..	..	63,000
5. Nalgonda water-supply .. ..	..	..	..	2,00,000
6. Mominabad water-supply .. ..	..	..	..	2,02,000
7. Mominabad drainage .. ..	..	..	..	86,000
8. Supplementary scheme Gulbarga water works ..	..	..	..	4,32,000
9. Urs and Karimabad water-supply .. ..	..	..	..	80,000
10. Urs and Karimabad drainage .. ..	..	..	..	55,000
11. Augmenting and remodelling Parbhani water-supply .. ..	..	..	..	3,76,000
12. Parbhani drainage .. ..	..	..	..	1,25,000

S. No.		Estimated cost
		Rs.
13.	Extension of Aurangabad drainage .. ..	68,000
14.	Karimnagar water-supply .. ..	2,35,000
15.	Karimnagar drainage .. ..	1,00,000
16.	Mancherial water-supply .. ..	96,500
17.	Shahbad drainage .. ..	45,000
18.	Tandur water-supply .. ..	2,50,000
19.	Tandur drainage .. ..	90,000
20.	Bir water-supply gravitation scheme ..	3,50,000
	pumping scheme .. ..	3,85,000
21.	Bir drainage .. ..	1,35,000
22.	Sailu drainage .. ..	50,000
23.	Jintur water-supply .. ..	89,000
24.	Jintur drainage .. ..	42,000
25.	Bidar water-supply (revised) .. ..	2,70,000
26.	Chincholi water-supply .. ..	48,700
27.	Chincholi drainage .. ..	34,500
28.	Sailu water-supply .. ..	1,30,000
29.	Manwath water-supply .. ..	1,50,000
together with electrification schemes of:—		

	Rs.
1. Patan water-supply and electrification combined) .. ..	3,10,000
2. Bhadrachellam temple water-supply and electrification (combined) .. ..	25,000

9. The total income of municipalities and other towns during the year under review excluding loans and grants was Rs. 16,34,456 (14,44,567) showing an increase of Rs. 1,89,889 or 11.6 per cent.

10. The income from local taxes was Rs. 10,55,473 (10,25,842) showing an increase of Rs. 29,631, *i.e.*, 2.8 per cent. and the income from other sources was Rs. 5,79,193 (4,18,723) an increase of Rs. 1,60,470, *i.e.*, 27.7 per cent.

11. The figures below give the income from local taxes in lakhs for the last 5 years:—

Year.	Collection.
1345 Fasli .. ..	9.77
1346 „ .. ..	9.82
1347 „ .. ..	10.61
1348 „ .. ..	10.25
1349 „ .. ..	10.55

12. From the foregoing it is seen that except in 1348 F. there has been a small increase in every year and it is hoped that the committees and the officers concerned will not slacken their efforts to maintain the same progress in future.

13. Column 33 of the attached Statement 'A' gives the incidence of taxation per head of population. This includes barbardaripatti and marketpatti also, the burden of which falls mostly on non-residents of the towns. The only taxes the burden of which falls on the residents of the towns are house, light and vehicle taxes. The incidence of total income per head of population is given in Column 34. As in the last four years this year also Raichur has the highest incidence of taxation of Rs. 3-9-2 and the following towns are arranged *in seriatim* have a higher incidence of taxation themselves. Nowhere however in the Dominions does the incidence of local taxation yet approach the general level in force in towns on its borders:—

				Rs.	a.	p.		Rs.	a.	p.
1.	Jalna	..	..	2	10	1		(2	1	7)
2.	Khamam	..	..	2	6	4		(1	15	10)
3.	Umri	..	..	2	3	11		(1	2	1)
4.	Nizamabad	..	..	2	3	0		(2	2	4)
5.	Hingoli	..	..	2	2	3		(1	13	6)
6.	Udgir	..	..	1	14	11		(1	3	6)
7.	Gulbarga	..	..	1	11	8		(1	12	2)
8.	Bhongir	..	..	1	11	2		(1	6	5)
9.	Parbhani	..	..	1	10	1		(2	1	6)
10.	Tuljapur	..	..	1	9	11		(2	0	11)
11.	Sedam	..	..	1	9	0		(0	15	4)
12.	Parli	..	..	1	9	3		(1	4	2)
13.	Bidar	..	..	1	9	3		(1	15	1)
14.	Warangal	..	..	1	8	9		(1	13	1)
15.	Aurangabad	..	..	1	8	8		(1	13	6)
16.	Nander	..	..	1	8	5		(1	3	4)
17.	Yadgir	..	..	1	7	8		(1	9	0)
18.	Mahbubnagar	..	..	1	6	7		(1	9	5)
19.	Nalgonda	..	..	1	5	7		(1	8	1)
20.	Mahbubabad	..	..	1	5	7		(1	4	2)
21.	Narayanpet	..	..	1	4	10		(0	9	11)
22.	Degloor	..	..	1	4	10		(0	15	6)
23.	Gangawati	..	..	1	3	11		(1	3	9)
24.	Vijapur	..	..	1	3	6		(1	1	0)
25.	Bir	..	..	1	2	6		(1	3	6)

			Rs.	a.	p.	Rs.	a.	p.
26.	Sailu	..	..	1	1	5	(0	11 3)
27.	Nirmal	..	..	1	0	3	(0	15 5)
28.	Bhainsa	..	..	1	0	2	(0	13 9)
29.	Shorapur	..	..	0	14	11	(0	7 1)
30.	Suryapet	..	..	0	13	9	(0	12 7)
31.	Jangaon	..	..	0	13	2	(0	10 9)
32.	Shahpur	..	..	0	13	0	(0	13 0)
33.	Osmanabad	..	..	0	12	10	(0	13 5)
34.	Patan	..	..	0	12	9	(0	8 7)
35.	Armoor	..	..	0	10	11	(0	10 2)
36.	Jagtial	..	..	0	8	11	(0	7 4)
37.	Moram	..	..	0	8	10	(0	8 8)
38.	Medak	..	..	0	8	9	(0	9 2)
39.	Siddipet	..	..	0	8	3	(0	8 0)
40.	Sadasivpet	..	..	0	8	3	(0	8 5)

14. In the remaining 26 towns the incidence of taxation is below Rs. 0-8-0 and in some towns it is even below Re. 0-3-0. The low incidence indicates one of two things:—(1) bad collections and (2) inadequate taxation. Government again desires to draw the attention of the Subedars and Taluqdars to the observations made in para 8 of last year's review. It is hoped that the Taluqdars concerned will endeavour to improve the state of collections in the towns where the low incidence is the result of inadequate taxation as in Jagtial, Shorapur, Mominabad and Basmatnagar where it is less than annas 8, the Taluqdars are also expected to place before the local committees proposals for new taxation in conformity with the law and rules in force in order that adequate amenities may be provided for the health and benefit of the residents.

15. The main sources of income of taxation are house tax, light tax and barbardari tax.

(1) The income from house tax was Rs. 2,98,335 (2,91,347) showing an increase of Rs. 6,988, *i.e.*, 2.4 per cent.

(2) The income from light tax was Rs. 2,81,835 (2,72,297) showing an increase of Rs. 9,538, *i.e.*, 3.4 per cent.

(3) The income from barbardaripatti was Rs. 3,72,978 (3,65,319) showing an increase of Rs. 7,659, *i.e.*, 2.1 per cent.

16. The income from vehicles tax was Rs. 38,874 (39,492) showing a fall of Rs. 618, *i.e.*, 1.6 per cent. Last year also a fall of 3.3 per cent. was shown under this head. The income fell in 31 towns and rose in 35 towns. The Taluqdars should adopt

effective measures to prevent evasion of assessments and to ensure payment of this local tax so that there may be a steady increase in the revenue from this source.

17. The income from cotton markets was Rs. 15,828 (7,289) showing a rise of Rs. 8,539 and the income from grain markets was Rs. 42,330 (44,754) showing a decrease of Rs. 2,424. On the whole there has been an increase of Rs. 6,115 in the income of the market cess as compared with a decrease of 11,767 which occurred in the last year.

18. The income from ferries situated in municipal towns was Rs. 1,573 (2,152) showing a fall of Rs. 579. The only towns with ferries are Purna and Pattan.

19. The income from slaughterhouses was Rs. 13,181 (10,681) showing an increase of Rs. 2,500.

20. The income from rent of land rose from Rs. 33,460 to Rs. 38,250 showing an increase of Rs. 4,730.

21. The income from travellers' bungalows decreased from (47,472) to Rs. 29,357. The attention of taluqdars is drawn to this large drop in income for which no reasons have been given.

22. The income from water works rose from (2,10,011) to Rs. 2,71,530 showing an increase of Rs. 61,519. In this connection the Taluqdars are requested to note that income from general water tax should be shown under the head "general water tax" and on no account should this be included with the income from private pipe connections. In Latur, Gulbarga and Nander the income from private pipe connections has slightly decreased, *i.e.*, Latur Rs. 25,134 (26,822); Gulbarga Rs. 17,822 (20,482) and Nander Rs. 21,075 (22,717). The income from private pipe connections was Rs. 2,16,740 (1,83,312).

#### *Statement C.—Demand and Collections.*

23. According to last year's review the arrears due were Rs. 5,20,585 but the final adjustment of accounts brought the figure to Rs. 5,28,628. Out of this a sum of Rs. 97,423 or 18.4 per cent. (16.3 per cent.) has been collected and a sum of Rs. 27,038 written off showing a balance of Rs. 4,04,166 (3,52,209) still to be collected. Though the percentage of collections has improved to some extent, the results are still not satisfactory, and it is hoped that no pains will be spared by the authorities concerned in reducing the amount of arrears to the minimum.

24. Out of the current demand of Rs. 17,60,117 a sum of Rs. 15,37,033 or 87 per cent. (89 per cent.) has been collected. This also is quite unsatisfactory. Bad collection has an adverse effect on the execution of new works of public utility which depends entirely on adequate funds being provided every year.

Accumulated balances cannot be steadily depleted but require replenishment. Taluqdars, will, it is hoped, endeavour to improve the state of collections in their districts.

25. The arrears have increased in:—

			Rs.	Rs.
1.	Warangal	..	from (37,844)	to 71,074
2.	Karimnagar	..	„ ( 1,585)	to 2,628
3.	Manthani	.. ..	„ ( 1,288)	to 1,617
4.	Asifabad	.. ..	„ ( 489)	to 583
5.	Nirmal	.. ..	„ (15,773)	to 18,333
6.	Adilabad	.. ..	„ ( 2,875)	to 5,957
7.	Gulbarga	.. ..	„ (49,008)	to 57,901
8.	Yadgir	.. ..	„ ( 9,774)	to 11,215
9.	Kodangal	.. ..	„ ( 591)	to 829
10.	Sedam	.. ..	„ ( 2,955)	to 3,650
11.	Raichur	.. ..	„ ( 4,644)	to 4,663
12.	Latur	.. ..	„ ( 9,314)	to 12,359
13.	Kohir	.. ..	„ ( 5,941)	to 6,122
14.	Aurangabad	.. ..	„ (63,263)	to 73,998
15.	Patan	.. ..	„ (15,078)	to 16,230
16.	Bir	.. ..	„ ( 2,100)	to 3,483
17.	Mominabad	.. ..	„ ( 984)	to 1,262
18.	Manjlegaon	.. ..	„ ( 523)	to 686
19.	Parbhani	.. ..	„ ( 4,414)	to 7,839
20.	Pathri	.. ..	„ ( 74)	to 198
	and in 19 other towns. ..			

26. Details of Demand and collections are given in Statement C.

Considering the collection in towns of each District, Parbhani (Nawab Malik Yar Jung Bahadur from 1-1-49 to 24-10-1349 F. and Mr. Mohammed Wali Hassan from 25-10-49 to 30-12-49 F.) stands first with 99 per cent.; Osmanabad (Mr. Mohd. Amir Ali Khan, H.C.S., from 1-1-49 to 31-8-49 F. and Mr. Mustafa Ali Khan from 1-9-49 to 30-12-49 F. and Nizamabad (Mr. Khazi Mohd. Zainul Abedeen, H.C.S., from 1-1-49 to 10-9-49 F.; Mr. Md. Tahir, from 11-9-49 to 31-10-49 F.; Mr. Mohiuddin Ahmed Razvi, H.C.S., from 1-11-49 to 30-12-49 F.) stand second with 95 per cent. and Raichur (Mr. Zahir Ahmed, H.C.S.,) stands third with 93 per cent. Judging from this standpoint Government regards the work of those districts only as satisfactory where collections to the extent of 93 per cent. or above have been made. Medak District has the lowest percentage of collection, i.e., 72 per cent. Government expects the authorities

concerned to show better results in future and if necessary to investigate the causes of bad collections and take the necessary administrative or other actions.

27. *Statement B.—Expenditure.*—The total expenditure excluding repayments of loans and advances was Rs. 16,12,163 (Rs. 15,01,802); the total income being Rs. 19,91,593 (Rs. 18,41,468).

28. *General Administration and collection charges.*—The expenditure increased from (Rs. 1,14,867) to Rs. 1,16,654.

29. *Roads.*—The expenditure has increased from (Rs. 2,56,790) to Rs. 3,21,804 which is satisfactory. From a perusal of the Statement 'B' under review it is seen that nothing has been spent on roads at Jagtial, Manthani, Bhainsa, Koratla, Purna, Sangareddy, Jogipet, Ahmedpur and Badepalli.

30. *Drainage.*—The expenditure has decreased from (Rs. 31,057) to Rs. 16,979. The expenditure incurred on construction of drainage works by the District Water Works Department, is not included in the statement.

31. *Buildings.*—The expenditure has decreased from (Rs. 1,20,911) to Rs. 1,03,201. As in the previous years this money has been spent mainly on the construction of markets, slaughterhouses and chowdies.

32. *Water-supply.*—The expenditure has increased from (Rs. 2,79,351) to Rs. 2,99,739 which is satisfactory. From a perusal of the Statement 'B' it is evident that nothing has been spent on water-supply in Yadgir, Jagtial, Shorapur, Siddipet, Bhongir, Bhainsa, Jangaon, Sadasivpet, Chinnur, Parli, Manthani, Armoor, Koratla, Gangawati, Deodurg, Purna, Tuljapur, Kohir, Sedam, Suryapet, Shapur and Ahmedpur and only nominal sums have been spent on Parbhani Rs. 89; Bidar Rs. 219; Narayanpet Rs. 160; Karimnagar Rs. 180; Nalgonda Rs. 95; Degloor Rs. 268; Ousa Rs. 150; Mudhole Rs. 38; Asifabad Rs. 146; Manjlegaon Rs. 50; and Jogipet Rs. 217. Government feels that increased attention should be paid to improve the water-supply in towns which have no water works.

33. *Gardens.*—The expenditure increased from (Rs. 13,090) to Rs. 16,183 and the income was Rs. 2,912 (Rs. 3,773). The ratio of expenditure to income, which has worsened, requires improvement and particularly so in the smaller towns.

34. *Markets and slaughterhouses.*—The expenditure has decreased from (Rs. 30,561) to Rs. 23,956.

35. *Lighting expenses.*—The expenditure has increased from (Rs. 1,51,548) to Rs. 1,74,443.

36. The income from light tax shown in Column 7 of Statement 'A' was Rs. 2,81,835 and according to orders in force

90 per cent. of this income, *i.e.*, Rs. 2,53,647 might have been spent on lights.

37. *Conservancy*.—The expenditure increased to Rs. 4,33,191 from (Rs. 4,22,960). There are only a few places where the conservancy arrangements have reached an adequate standard. The incidence of expenditure under this head per head of population comes to annas 9 (annas 8).

38. *Town balances*.—When 1348 F. accounts were finally adjusted the year 1349 F. opened with a balance of Rs. 19,46,887. The closing balance is Rs. 23,14,064. The rise in the closing balance indicates that some towns have failed to utilise the funds at their disposal in the execution of works.

39. *Deposits*.—Statement 'E' gives the income and expenditure of figures of deposits during 1349 F.

## PART II.

### *District Administration.*

40. Statement 'D' gives the details of income and expenditure of the Districts. The main source of income under this is the 7 pies 'Rifai-am' out of the one anna cess collected on every rupee of the land revenue. In the year under review the income from this source was Rs. 12,07,357 (Rs. 12,03,386). It increased in all the Districts except Raichur, Warangal, Karimnagar, Medak, Nizamabad, Mahbubnagar, Baghat and Osmanabad (S.K.). The decrease where it has occurred in the result of a drop in land revenue collections, remissions and suspensions owing to unfavourable conditions. The increase in other sources of income under the head 'Miscellaneous' was Rs. 2,23,022 (Rs. 1,67,722); loans recoverable being Rs. 3,660 (Rs. 22,384). Ferries and buildings fetched an income of Rs. 33,905 and Rs. 6,855 respectively. The total income was Rs. 40,760.

41. The total expenditure was Rs. 18,89,558 (Rs. 17,46,468) as detailed below:—

	1348 F.	1349 F.
	Rs.	Rs.
1. Collection charges .. ..	58,684	59,124
2. Administration charges . .	5,09,024	4,85,954
3. Roads .. ..	3,20,396	3,43,446
4. Buildings .. ..	1,22,584	1,18,536
5. Water-supply .. ..	2,11,137	3,16,808
6. Conservancy .. ..	1,64,185	1,48,619
7. Contribution .. ..	1,80,517	1,82,581
8. Miscellaneous . . .	1,44,312	1,61,415
9. Loans advanced .. ..	28,589	73,075

42. The collection charges have increased in proportion to the increase in receipts.

43. *Roads*.—The expenditure on works excluding establishment charges was Rs. 3,13,467 (Rs. 3,08,884).

44. *Buildings*.—The expenditure on works excluding establishment charges was Rs. 1,12,200 (Rs. 1,15,341) and most of the amount was spent on constructing chowdies and markets.

45. *Loans advanced*.—A sum of Rs. 73,075 (Rs. 28,589) was spent under the head "Loans Advanced" mainly in Karimnagar Rs. 25,249; Parbhani Rs. 17,301; Gulbarga Rs. 17,000; Adilabad Rs. 10,000; Bir Rs. 1,000; Bidar Rs. 1,000 and Nalgonda Rs. 1,000.

46. *Contribution*.—The expenditure under this head which includes contributions to towns, Veterinary Department and Dichpalli Leper Asylum was Rs. 1,82,581 (Rs. 1,80,517) showing an excess of Rs. 2,064. The amounts of contributions are fixed but the variations seen are due to failure to draw the same before the close of the year.

47. *Opening and closing balance*.—The total opening balance in the year under review was Rs. 73,94,216 and the closing balance Rs. 69,79,457. From a perusal of Statement 'D' appended to the review it will be seen that the total expenditure (Column 25) has exceeded the actual income (Column 9) which, in view of the large accumulated surpluses is a satisfactory feature of the year's work.

48. *Primary School Building Scheme*.—Besides the expansion of several activities of the Local Fund Department it is noteworthy that during the year under Review His Exalted Highness was graciously pleased to command through Firman-e-Mubarak dated 18th Jamadi-ul-Awal 1358 Hijri that as the provision of primary education to boys and girls residing in rural area throughout the Dominions was a great and urgent need the Local Fund Five Years Scheme be sanctioned. The preliminary work of preparation of the five years programme has been completed and work has already been started in Warangal District.

The Primary Education Scheme as sanctioned by the Firman-e-Mubarak referred to above provided for the utilisation during the next five years of:—

- (1) 20 lakhs out of 3 pies education cess income balances of the Districts and
- (2) 20 lakhs from the balances of General Local Fund.

Thus a total of 40 lakhs for constructing primary schools in villages having a population of 1,000 souls and above (excluding municipal and town areas) has been made available. As finally estimated a sum of Rs. 40.54 lakhs was found available for constructing 748 boys schools and 120 girls schools (plus an

extra 145 boys schools and 28 girls schools during a period of five years).

49. It is satisfactory to note that most of the big towns have either been provided with essential civic amenities, *e.g.*, water works, cement concrete roads, public parks, and new grain markets on modern hygienic lines, etc., or are in process of receiving them. Much still remains to be done in villages to improve communications, sanitation and water-supply which are the primary needs of life. As adequate allotments are forthcoming from District budgets and town balances Government expects the Mir Majlises to take the initiative and prepare comprehensive programmes of planned construction works in the villages. Instructions to this effect have been given from time to time by the Government.

50. *Town Planning Activities.*—The haphazard and uncontrolled growth of our district towns and villages in the past, owing in some cases, to negligence and mostly to ignorance of town planning principles, had resulted in insanitary and ill-planned residential areas, slums, factories and markets, which in turn tended to give rise to periodical epidemics and a high rate of mortality. Our country side over large areas had also been wastefully cut up and disfigured by scattered and ribbon development.

Reasons of public health and sanitation as well as economic and aesthetic considerations demanded an improvement in the conditions of living and a better planning of our towns and villages. The Revenue Department took the first step in this direction in 1344 when it issued general orders through Gashti 1 of 1344 F., prescribing definite rules of procedure for the planning of village sites and town extensions. The next step was taken in 1346 F., when a Town Planning Officer and Architect was appointed under the Local Fund Department. The Town Planner's section was further extended in 1349 F., in order to meet the growing demand for the Town Planner's services in the districts. The activities of the Town Planning Officer and Architect's section range over the following spheres:—

- (i) Town Improvement Schemes,
- (ii) Extensions of old towns and developments of new areas,
- (iii) The planning of model villages,
- (iv) Labour colonies,
- (v) The planning of large rat-proof grain and cotton markets and shopping centres.
- (vi) Similar work for jagirs, samasthans, factories, etc.

Town improvement schemes combined with the extension and development of new areas on the "Zoning system" are under progress in most of the big towns of the Dominions. In this

connection old Adilabad, Kothapetta, Gulbarga, Tuljapur, Warangal, Nizamabad, Bodhan, Osmanabad, Latur, Yadgir, Raichur, Nanded, Jalna and Aurangabad are worth mentioning. These schemes are financed in the first instance either by Government grants or grants and loans from the town funds and general local funds of the district concerned. But in the long run they are self-supporting and repay the outlay spent. It is worthwhile to mention that all these improvement schemes have been co-ordinated with Water Works and Drainage schemes.

Labour colonies, grain and cotton markets and new shopping centres on modern hygienic lines with fire-proof and rat-proof godowns and a market office have come to be realised as of primary importance in industrial towns such as Latur, Nanded, Gulbarga, Sailu, Jalna and Khammam. During the year under review labour colonies have been sanctioned in Nanded and Latur and grain and cotton market schemes are almost completed in Raichur, Jalna, Gulbarga and Nanded.

Model villages for agriculturists at Jubileenagar in Karimnagar and Akbarnagar in Bodhan, have been completed. These have been financed partly from Jubilee funds and partly from General Local Funds. The new Kothagudam town in Warangal district will be a typical industrial town built on modern lines. It should be noted that town planning schemes do not necessarily imply as is sometimes supposed an immediate intention to cover the whole of the land in question with buildings nor does it necessarily involve the local authority in immediate expenditure on works. The main object of a town planning scheme is to enable a programme of orderly development to be prepared in the interest of the community as a whole and with a reasonable anticipation of the future requirements. The development of the scheme may be spread over a number of years in accordance with local requirements and financial conditions. In addition to the regular work of town planning the Town Planners' section, has prepared the general routine and type designs for all buildings as chowdies, Dak bungalows, meat and beef markets, slaughterhouses, child welfare centres, dispensaries, firebrigade stations, grain market offices, shopping centres, schools, etc. It should also be mentioned that several jagirs and samasthans have taken advantage of the services of the Town Planning Officers, *e.g.*, Paloncha and Shivraj Bahadur's estates for which sanctioned schemes costing—

Paloncha	..	..	Rs. 1,85,570
Shivraj Bahadur's estate	..	..	„ 2,11,164

have been prepared and are under development.

51. Taking the Local Fund activities, in general, into consideration, Government desires to place on record its appreciation of the work done during the year under review both in the towns and districts for the improvement of local conditions by

the Mir Majlises and other members of District Boards and Municipal and town committees, especially by Messrs. Nawab Malik Yar Jung Bahadur, Mohammad Wali Hasan, Taluqdars of Parbhani, Mohammad Amir Ali Khan, H.C.S., Mustafa Ali Khafi, Taluqdars, Osmanabad, Qazi Zainul Abideen, H.C.S., Mohammed Tahir, Mohiuddin Ahmad Razvi, H.C.S., Taluqdars of Nizamabad, and Zahir Ahmad, H.C.S., Taluqdar of Raichur. The thanks of Government are specially due to Mr. C. C. Paul, O.B.E., M.I.C.E., Special Engineer, Local Fund, Mr. Faiazuddin, Town Planning Officer, and Mr. Samiulla Shah, Special Engineer, District Water Works Department for the valuable help and advice they have given to the Mir Majlises in their endeavours to improve conditions in the districts.

52. Finally it is a pleasure to note that the District officers and members of the District Boards and Town committees are taking a keen and growing interest in effecting improvements both in towns and villages with the full co-operation of the people of their respective districts.

(Sd.) R. M. CROFTON,

*Director-General and Revenue Secretary.*

13-2-1951 F.
